Take part in one of the most amazing experiences: crossing the Andes, doing part of the route by the worldwide known “Train to the Clouds”. You will be impressed by the beautiful landscape and the overpowering silence of the Puna. Discover the typical town of San Antonio de los Cobres and continue to Chile to visit the Atacama Salt Pit, where flamingos are the main attraction.

**DAY 01** SALTA
Reception and transfer to the hotel.

**SALTA / SAN ANTONIO DE LOS COBRES**
Tour along the Humahuaca Gorge, a deep valley caused by the erosion of the Granada River. Witness the aborigine traditions still remaining in some towns like Humahuaca, situated next to the famous Seven Colored Hill or the truly accessible Iruya, and see the influences of Spanish art in some places such as Tiquina, with its narrow streets and colonial style houses.

**DAY 02** SALTA / SAN ANTONIO DE LOS COBRES
Departure on the touristic ‘Tren a las Nubes’. Along the Recta de Tin-Tin route, we will travel through the Puna and then cross the impressive Salinas Blancas (White Salt Pit), a place of striking beauty. We will reach the Blue Sky at this point, as it makes them look to be on the edge of the earth. We will be able to observe the salt plains reflecting the blue sky, and the coloring of the soil and sky will seem to have aimed at conserving their ancient asset of inca art pieces coming from different sites. We will continue to Cafayate to enjoy a half day birdwatching tour, with guides specialized in ornithology, to see the most amazing 4WD landscapes. It makes it possible to observe wild animals, exotic vegetation and impressive landscapes from such a short distance, that the trip really deserves to be considered a “Safari”. Take this unique opportunity to share some of the most amazing safaris: to the Cafayate Gorge, the most famous “Train to the Clouds”. On the way, we will travel through the magnificent landscape of the Quebrada de los Conchos (Cafayate River Gorge) with special 4WD vehicles. This tour allows you to travel in the open air and enjoy a fully panoramic view of the gorgeous surrounding landscapes. It offers an exciting alternative of touring within the Northwest of Argentina in its famous “tracking” tours. The special 4WD vehicles are designed to offer the greatest pleasure during the tours, with a high degree of comfort and safety. Its siding roofs allow you to travel in the open air and enjoy a fully panoramic view of the gorgeous surrounding landscapes.
